

# VIRTUAL LAB TESTS

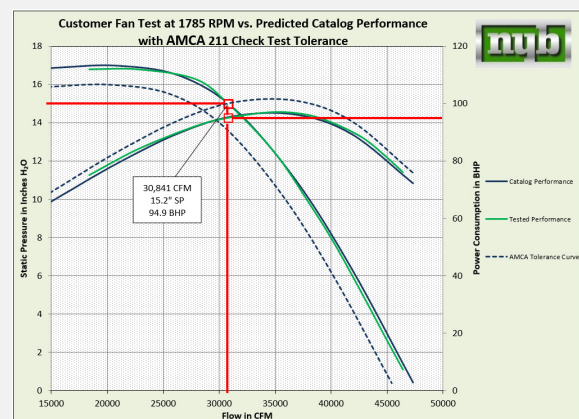

NOW AVAILABLE

The New York Blower Company is now equipped to handle virtual fan testing out of our La Porte, Indiana, laboratory. Using virtual testing allows the customers the benefits of observing the tests performed, having technicians explain the data, and asking questions as the test is being conducted. In addition to testing, a virtual lab tour is available with a live feed camera to show other testing capabilities.

## ADDITIONAL BENEFITS OF VIRTUAL TESTING INCLUDE:

- Live streaming/interaction during and after testing
- Increased safety (no direct contact) for all attendees
- No travel costs/coordinating travel schedules means quicker testing and shipping of fans
- Recorded session available for customers to view/distribute after testing concludes
