Centrifugal & Axial Fans

Heat Fan Construction (up to 1800°F)

Abrasion & Corrosion Resistant Alloys

Repair & Replacement Components

for All Manufacturers' Designs

APPLICATIONS

IN THE IRON AND STEEL INDUSTRY

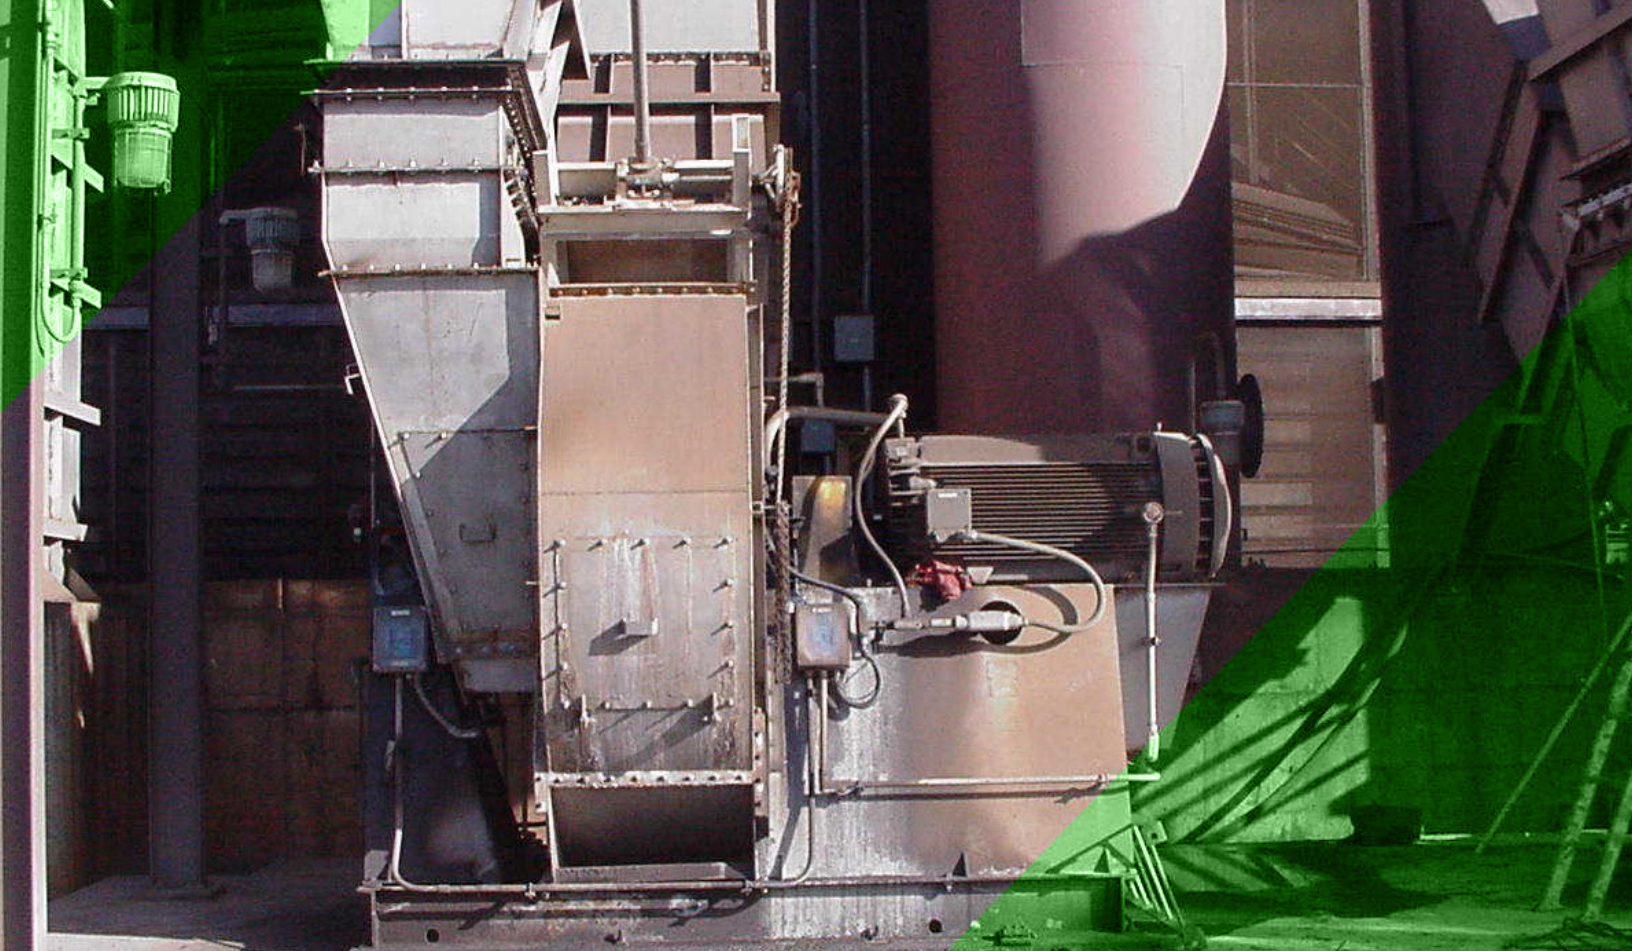

Fans and blowers are constructed for metals and mineral systems from basic ore production to finished products. The extreme process conditions necessary to produce metal products require fans at every stage. nyb is able to offer fans for these processes such as combustion systems for furnaces and soaking pits. Fans for cooling of drive machinery, exhaust systems on quench lines, pickling exhaust and furnaces in forge shops are regularly supplied by nyb.

- ▶ Steel Making
- ▶ Sintering Plants
- ▶ Pelletizing Plants
- ▶ Blast Furnaces
- ▶ Coking Plants
- ▶ Dust Collector Fans
- ▶ Gas Booster Fans
- ▶ Cooling Air Fans
- ▶ Exhaust Fans
- ▶ DEC Fans
- ▶ EAF Fans
- ▶ Boiler Fans
- ▶ Combustion Air
- ▶ Pickling
- ▶ Material Conveying

DESIGN FEATURES

- ▶ Corrosion Resistant
- ▶ Mechanical Draft Fans
- ▶ High Pressure Capabilities
- ▶ High Strength Steel Alloys/
Special Alloy Construction

NEW YORK BLOWER COMPANY

The New York Blower Company carries one of the most complete product lines of centrifugal, axial and heavy industrial fans in the air-movement industry. Our representatives work with system designers to engineer individual, flexible, customized solutions that meet the specific requirements for unique applications. Our commitment to total customer satisfaction is proven with our product warranty, customer service, and consistent investment in product development. Our experienced field technicians are available 24/7 for fan troubleshooting, preventative maintenance, and installation of replacement components or complete fans built by any manufacturer. Industries, processes and technologies continue to evolve. For over 125 years, our company has evolved right along with them.

PRODUCTS

- ▶ Axial Fans
- ▶ Centrifugal Fans
- ▶ Custom Designed Fans
- ▶ Plenums and Double Widths
- ▶ Pressure Blowers
- ▶ Fiberglass Reinforced Plastic
- ▶ Process Heat or Plug Fans
- ▶ Packaged Fans
- ▶ Steam Coil Products
- ▶ Ventilator Products
- ▶ Inline Fans
- ▶ Repair & Replacement Parts

Continuing to Expand Locations, Products and Services Worldwide
